Dear Canadian International School System Parents,

Across our schools we are committed to fostering students oral and written fluency in English. As our students enter the world stage in post-secondary and employment ventures, their ability to communicate in spoken and written English will have a significant impact on the quality of their lives and it will be a key to students' success in the future.

The worldwide and common assessment of students' fluency is the **IELTS, designed and evaluated by the International English Language Testing System**. This testing includes an assessment of Listening, Speaking, Reading and Writing.

IELTS provides two major types of assessment serving two different goals:

- IELTS Academic is for those who are preparing to study abroad.
- IELTS General is for those who are planning to reside abroad.

Do you intend to take the IELTS test to prepare for studying or living abroad, or to meet a professional requirement, but are still unsure of your English proficiency level?

To meet the needs of those who are anxious to know their level but reluctant to pay the IELTS fee, CISS E-study is excited to offer you an opportunity to enroll in a mock test! Our mock test opportunity offers both Academic and General assessments. You will have the chance to experience the official IELTS testing procedure and the test format. This mock test will help you evaluate your current level, and allowing you to determine which skills you need to improve.

Registration fee: 500.000 VND/candidate

The mock test date: 26 September 2018

- Listening, Reading, Writing: from 9:00am, Check-in time: 8:30 am
